I am pleased to announce the appointment of Alex Jegier as our inaugural Executive Director. Alex will join us on June 25th and he will be working four days a week. We are very fortunate to have found someone of Alex's calibre. Before moving to the Comox Valley, Alex was the Executive Director of the Elderactive Recreation Association in Whitehorse Yukon, where he was accountable for planning, leading and evaluating the delivery and operation of their programs and services. This experience is a perfect fit for our new Executive Director role. Committed to volunteering, while in the Yukon, Alex was the Vice-Chair of the Yukon Government Recreation Advisory Committee and also Vice-Chair of the Yukon Nonprofit Advisory Council. He has a special interest in athletic therapy. Alex has a Specialized Honours Bachelor of Science in Kinesiology and Health Science. He is currently working on his Master of Business Administration in Executive Management with Royal Roads University.

Our new Executive Director will be busy getting to know d'Esterre members, staff and volunteers. Please join us for a cake and coffee celebration to welcome Alex on Thursday, June 27th from 10am to 12 noon in the Dining Room.

Raymond Morin
