BE READY

Emergency Preparedness Workshop

Do you want to be prepared for an emergency?

Emergencies can happen anywhere at any time. In Canada, we face many hazards from wildfires, flooding, heat waves, and earthquakes. The Be Ready workshop is aimed at raising individual emergency preparedness.

In this workshop facilitated by the Canadian Red Cross, participants will learn about:

- ◆ The potential hazards and risks in their area
- ◆ How to create an emergency plan
- ◆ How to assemble an emergency kit
- ◆ The importance of social and support networks during emergencies
